

Disability Access Statement

With the introduction of the Disability Discrimination Act (DDA) in October 2005, Hollymount Primary School, in common with all premises offering access to the Public in England and Wales, assumed a mandatory obligation to provide easy access to all parts of its premises for people with Disabilities, wherever reasonably practicable.

The Act recognises however, that full access is not always reasonably achievable in older existing buildings, and therefore states that in these cases people with disabilities should be able to gain easy access into the premises and that the services they require should be made available to them in close proximity to their entry point.

Hollymount Primary School comprises of a two story level building contained on one site only. Access to the site can be gained through one visitor pedestrian entrance at the front and one further down Cambridge Road that is opened at specific times during the school day to allow ease of drop off and pick up of pupils. The school gates can be opened for access if you buzz the school office. The electric car park gates can be accessed if you phone the office on 020 8946 0454. There is a designated disabled parking bay clearly marked in the school car park.

There are 3 staircases. One has a plat formed stair lift and a passenger lift is available to gain access to the first floor. There are no classrooms with stairs. The outdoor area can be accessed using a mobile stainless steel ramp.

In addition to the above, there is an accessible disabled toilet facility in the main school reception area and on the first floor that are clearly signposted as such.
